

Cordt T. Kassner, PhD

Publisher, Hospice & Palliative Care Today

Dr. Kassner is a hospice and end-of-life healthcare analyst. Cordt began working in the hospice field as a researcher at the University of Colorado in the late 1990's and then served as CEO of the Colorado Center for Hospice & Palliative Care during the early 2000's. He incorporated [Hospice Analytics](#) in 2008 to work with Medicare and other national databases to increase access to and utilization of high-quality end-of-life care. In 2023, he incorporated [Hospice & Palliative Care Today](#), a daily news aggregation service focused on understanding the current landscape of serious illness and end-of-life care.
